Dear Madam:-

"THE MOST OVERWHELMINGLY CONVINCING ARGUMENT FOR WOMAN
SUFFRAGE I HAVE EVER HEARD!"

These are the words uttered by Mr. Robert Erskine Ely, Director of the League for Political Education, at the close of Miss Ethel M. Arnold's lecture entitled "The Citizenship of Women," delivered at the Hudson Theatre, New York, January 13th. The lecture was a striking intellectual achievement kindled with a flame of moral earnestness, and was filled here and there with delicious humor and irony. Both the militant and the non-militant suffragists were delighted. It was remarked after this lecture that every prominent suffrage organization in the country should present this lecture to its community on the ground that in this way many converts would certainly be won to the suffrage cause.

During her two previous visits to America, Miss Arnold made numerous friends. Her admirers are delighted to find that she is not confined to her notes in the delivery of this lecture.

Miss Arnold will be in America until April, being in the Middle West, between February 11th and the 28th. Some open dates are available, and I would suggest that you get into communication with me at as early a date as possible, in order to secure one of them.

Aids to publicity will be furnished in the way of window cards, and photographs for the press.

Wire me if you can arrange for an early date.

Yours very truly,

W B Feakins
